Hi Sukhi,

I wanted to take a moment to sincerely thank you for all the support, guidance, trust, and opportunities you have given me during my time here.

One thing I have always appreciated is the freedom and confidence you gave me to work independently. The trust you placed in me meant a lot and helped me grow both professionally and personally. I have learned a great deal under your leadership, and I am truly grateful for that.

I know you mentioned that my resignation was unexpected, and honestly, it was unexpected for me as well. When I made the decision, I knew it would not be easy, but at that time, because of my family circumstances, I felt I had no other option. It was one of the most difficult decisions I have had to make.

Fortunately, things are improving on the family front, and I am hopeful that everything will settle down soon.

Looking back, I am genuinely thankful for the opportunities, experiences, and learning I received here. Thank you for always being supportive, approachable, and for trusting me with responsibilities throughout my journey.

It has been a pleasure working with you and the team. I will always be grateful for your guidance and support.

I hope we stay in touch, and if there is ever an opportunity to work together again in the future, I would be genuinely happy to do so.

Thank you again for everything, Sukhi. I wish you and the entire team continued success and all the very best for the future.

Thanks and Regards,
